

Electrical Parts for Forklifts

Forklift Electrical Parts - Lift trucks could be specifically labeled to be utilized in dangerous places. A marked forklift denotes the design has met the lowest requirements of ANSI/UL 558 intended for engine powered trucks or ANSI/UL 583 intended for electric trucks for the type of label put.

Applications for labeled forklifts could be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Maintenance and Operation, Type Designations, and Areas of Use. Ask your local insurance provider and Fire Marshall for additional info on the approved uses of industrial powered lift trucks in your application.

If the lift truck has been proven to meet the outlined standards, the following labels can be put. A marked truck would have the model designation placed on the forklift nameplate and would have one of the following labels placed.
