Advance-Nilfisk Parts - Imagine how long and tedious it will be to tidy up after a party, with out help from equipment. Not too long ago, the dirt from carpets and upholstery had to be beat out of them by hand; brooms, brushes and cleaning cloths were the leading cleaning products during that time.

P.A. Fisker, the man who founded Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Starting the business in 1906, he began to produce motors to drive machine tools, coffee grinders, drills and fans. Mr. Fisker's dream from the start was to own an international company advertising merchandise internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner which can be operated by a single person in view of the fact that it only weighed 17.5 kilos! This creation came in a time where various cleaning equipment were huge and required at least 4 operators, thus, the Nilfisk C1 transformed everything and evolved the manner we clean forever. The genius behind these first cleaning machines remains unparalleled. Cleaning equipment offer a brilliant solution to an ongoing dilemma; stuff get dirty and need to be cleaned frequently, without a lot of effort.

Little by little, the business Nilfisk-Advance grew all through the years. In the the early part of the 1980's the business developed more rapidly when the business became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance forward within the business, aspiring to be an active international player in manufacturing professional cleaning machines. Nilfisk-Advance is presently located in all parts of the world by gradually obtaining numerous small businesses so as to develop their product range and presence in new markets. They are really proud to offer a range of cleaning solutions to suit each need.
