

TCM Forklift Part

TCM Forklift Parts - In the global business of material handling, lift trucks play a major role for transporting industrial goods. Initially innovated as industrial vehicles during the 1930s in the United States, lift trucks gained popularity after World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machines spread internationally.

In 1949, established by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the company is simply known as TCM Corporation. Through the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation with the business. TCM began constructing forklift manufacturing sites outside of Japan during the 1980s and is now engaged in lift truck manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly makes many models of industrial forklifts with over 50 years of accumulated expertise and technology, making their products recognized and used all around the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aims to become a world-class leading business.
